**Subject:** Mobilization Costs Relative to the Gold King Mine Spill

As we discussed, Weston is seeking a waiver to the contractual limitation of reimbursable costs associated with mobilization of resources related to the Gold King Mine Spill. This request if granted would be in accordance with Clause B.5 of the contract, "EPA may reimburse the contractor for travel charges in the event of an extraordinary event."

Our request is twofold:

- 1) Airfare cost due to the number of resources requested and short advanced notice for mobilization;
- 2) Lodging and per diem in Dallas for a Data/IT support person at the REOC.

I will be happy to discuss this with you further if necessary.

We appreciate your consideration in this matter.
